6. Estimate of Reliability:

Appears to be exceptionally reliable witness.

G. Weather and Winds - Aloft Conditions at Time and Place of Sightings:

1. Observer(s) account of weather conditions:

Clear night, stars shining

2. Report from nearest AWS or U.S. Weather Bureau Office:

High thin scattered with 8 miles visibility
Temp - 38 , DP 27
Wind from 230 at 5 knots

3. Ceiling:

None

4. Visibility:

15 plus

5. Amount of cloud cover:

Thin scattered cirrus

6. Thunderstorms in area and quadrant in which located:

None

7. Vertical temperature gradient:

Standard lapse rate

H. Any Other Unusual Activity or Condition:

None

I. Interception or Identification Action Taken:

None

J. Location, approximate altitude, and general direction of flight of any air traffic or balloon releases in the area which might possibly account for the sighting:
Observed flight path (45 min. stationary) would not indicate confusion with aircraft.

K. Position, title and comments of the preparing officer:

Mr. ██████████ owner of the ██████████ Motel and also a witness to the sighting, was interviewed by telephone on 14 March 1967. He agreed on all the information submitted by Mr. ██████████. No additional information was obtained. He was certain that due to the nature of movement, the object observed could not have been confused with an aircraft, star or planet. Insufficient information is available for any probable determination. Field glasses failed to reveal anything not visible to the naked eye.

NOTE - Mr. ██████████ would like to be notified of the outcome of this investigation.

HENRY L PIERCE Capt., USAF
Investigating Officer
